## EDUCATION

---

**University of British Columbia**  
Bachelor of Science in Statistics  
Dean's List (2023W–2025W)

Sept 2023 – Present

## SKILLS

---

Research • Data Science • Leadership • Communication • Mentorship • Community Engagement

## RESEARCH & PROFESSIONAL EXPERIENCE

---

### Research Intern

Jun 2026 – Present

*Research Center for Data and Information Sciences, National Research and Innovation Agency (BRIN)*

- Analyzed over 400 marketplace listings representing more than 100 Hoya varieties from Shopee Indonesia to investigate market characteristics and revenue performance.
- Developed a data-processing pipeline using web scraping and rule-based entity extraction to identify and standardize *Hoya* varieties from unstructured marketplace listings.
- Applied machine learning and explainable AI techniques, including Logistic Regression, Random Forest, and SHAP, to identify factors associated with high-revenue marketplace listings.

### Tech – UI/UX

Jun 2026 – Present

*Association for Women in Mathematics at UBC (AWM @ UBC)*

- Supported the usability, accessibility, and visual clarity of digital platforms and member-facing resources.
- Collaborated with the web team to improve user experience and interface consistency.
- Reviewed forms, webpages, and workflows to improve member engagement.

### Media Assistant

May 2026 – Present

*International Development and Relief Foundation (IDRF Vancouver)*

- Produced and edited photo and video content documenting organizational programs and community events.
- Supported outreach and engagement efforts through visual storytelling and digital communications.

## LEADERSHIP & COMMUNITY ENGAGEMENT

---

### Marketing Director

Sep 2024 – Apr 2026

*Muslim Students Association UBC (MSA UBC)*

- Led marketing initiatives and communication strategies for student programs and community events.
- Coordinated promotional campaigns across digital platforms to increase engagement and participation.

### Student Ambassador

Aug 2025 – Jan 2026

*StudentsxCEOs International Summit*

- Develop valuable skills such as communication, teamwork, organization, and public speaking.
- Enhance personal brand and build a positive reputation within the academic community and beyond.
- Dedication to personal growth, as well as the ability to effectively communicate and engage with others.

### Mentor – Mock Scholarship Interview

Jul 2025

*Overseas Indonesian Students Association Alliance (OISAA)*

- Mentored Indonesia Bangkit Scholarship applicants through mock interviews and personalized feedback.
- Shared interview preparation strategies and supported applicants' confidence development.

**International Volunteer Delegate Chapter Malaysia**  
*Semangat Muda Indonesia*

Jul 2024

- Taught elementary school students in Kuala Lumpur, Malaysia.
- Delivered educational activities and promoted cross-cultural learning experiences.

**Quantitative Knowledge Tutor**  
*Komunitas Kertas Kosong*

Mar 2024 – Apr 2024

- Mentored students preparing for the Indonesian university entrance examination.
- Delivered instruction in mathematics and quantitative reasoning.

**First-Year Representative**

Sep 2023 – Apr 2024

*Muslim Students Association UBC (MSA UBC)*

- Represented first-year students and facilitated communication between members and executive teams.

## SELECTED PROJECTS

---

**Forecastability of Indonesian Food Commodity Prices**

- Analyzed daily food commodity prices from Indonesia's National Strategic Food Price Information Center (2021–2025) across ten essential commodities.
- Compared ARIMA and XGBoost forecasting models to evaluate differences in commodity forecastability.
- Identified price volatility as a key determinant of forecasting performance, providing insights into the predictability of essential food commodities in Indonesia.

**Vancouver Business Survival and Forecasting Analysis**

- Analyzed Vancouver business license data (1997–2025) to evaluate long-term business survival and the impact of COVID-19.
- Developed forecasting models to predict sector- and neighborhood-level trends through 2035.
- Awarded 1st Place at the UBC DataQuest Competition.

## ACHIEVEMENTS

---

- Indonesia Maju Scholarship Awardee, Ministry of Higher Education, Science, and Technology (2023)
- Outstanding International Student Award, UBC International Student Initiative (2023)
- 1st Place, DataQuest Competition, UBC Data Science Club (2025)
- Finalist, American Statistical Association DataFest Competition (2025)
- Silver Medalist, International Kangaroo Mathematics Contest (2021, 2023)
- Bronze Medalist, International Eduversal Mathematics Competition (2021)
- Gold Medalist, Indonesia Muslim Student Science Competition Mathematics Field (2021)
- Silver Medalist, Suprarational Mathematics Competition, National Level (2023)
- 1st Place, Kompetisi Sains Madrasah Mathematics Field, District Level (2019, 2021, 2022)

## LANGUAGES

---

English (Professional Working Proficiency)

Indonesian (Native)

## INTERESTS

---

Data Science for Social Good • Educational Equity • Youth Empowerment • Women in STEM
